INTRODUCING
SAMA YAS BY ALDAR

Aldar's newest development presents a new standard of luxury living in Yas Island, crafted to the finest detail. Set in a lush park bustling with beautiful flowers, birds and trees; every detail here has been meticulously designed to elevate your comfort, style and elegance.

A COMMUNITY
EMBRACED BY NATURE.

The image is an aerial photograph of a modern residential complex. The complex features several large, multi-story buildings with light-colored facades and dark roofs. Interspersed among the buildings are numerous trees and landscaped green spaces. A prominent feature is a large, circular green area with a blue running track and a smaller inner circle. In the foreground, there are two large, white, geodesic dome structures, possibly swimming pools or outdoor gyms. The surrounding area includes paved roads with white dashed lines and some smaller buildings, suggesting a larger urban or suburban setting. The lighting suggests it's either early morning or late afternoon, with long shadows cast across the ground.

CHEF IZU

Aldar Ambassador

Chef Izu Ani, the British-Nigerian culinary force behind Dubai's renowned dining destinations like Gaia and Carine, is poised to infuse Sama Yas by Aldar with his signature zest. Anticipate a kitchen designed with meticulous care and the hallmark quality that shines through all his ventures, accompanied by a restaurant destined to be a pinnacle of culinary artistry.

His philosophy that "food is the exchange of joy, happiness, and love" promises to imbue Sama Yas by Aldar with an unmatched spirit of community and delight.

At Sama Yas by Aldar, Chef Izu's arrival signals more than the introduction of a master chef; it heralds the arrival of a living ethos, ensuring that each meal transcends nourishment to become a jubilant celebration of life.

"IT IS NOT ABOUT THE RESULT, BUT ABOUT YOU BEING THERE."
